Agenda Item No. 4.1	Title: Mandatory URP
	Submitted by: AF
	Classification: Implementation Guide Change
	Reference:

Background:

The reconciliation procedure of a passenger has to be done using a unique identifier. The unique identifier that a Main-Host system can received from the Front-End system is the Inbound URP.

Proposed Change(s):

Changes apply to Chapters D.5.19.4.3 and D.8.7.

D.5.19.4.3:

Add note b): For DCQCKI, C690 is mandatory.

D.8.7:

For the 3 possibilities described in this chapter, the word “recommended” has to be change by the word “mandatory”.
