

# We simplify your Group Bookings!

## Commercial Solutions

### Group Sales Tool - designed for your airline!

Are you still handling your group bookings in a manual and time-consuming way?

Do you constantly have to switch between systems while serving the needs of your clients?

Have you ever considered bundling your group bookings in a system that serves your needs and those of your customers?

#### We have the solution for you

Group Sales Tool – an online group sales platform for your business and private customers to request, quote and book groups in an automated environment.

The system is designed to adapt to your individual needs with a high degree of self-administration, allowing you faster reactions to market conditions and adaptations to your customer needs.

#### Group Sales Tool is a web-based platform that comprises:

Easy automated booking process with instant offer

Multiple payment options

Direct communication between airline and customer

Full-featured platform for business customers
